Shots Are Fired at Royal Train of King Boris

BRIDAL COUPLE ESCAPE WITHOUT ANY INJURY

ONE OF THE ROYAL GUARD WAS
WOUNDED IN THE
FOOT

REPORT THAT BULGARIAN POLICE
HAD RECEIVED NO-
TICE OF ATTACK

By VELICO B. CHRISTOFF
(United Press Staff Correspondent)
Sofia, Bulgaria, Oct. 31.—King Boris
III and his bride were wildly acclimated
by the capital today after an escape
from a volley of bullets said to have
been fired at the royal train near the
ancient Macedonian city of Philippopolis.

The attack on the train, bearing the
king and the former Princess Giovanna
of Italy from the Black Sea to Sofia,
was made by unidentified persons
as it approached the station of
Madole on the border of the region
where Macedonian revolutionaries have
been active.

A guard was wounded in the foot, a
guard's rifle stock was splintered and
bullets struck the train, according to
information here, but none of the
royal party was injured. The train
made a brief halt and proceeded to
the capital where the king and queen
were married again according to the
eastern Orthodox church rites.

The royal party included the king's
sister, Princess Euxodia, and his
brother, Prince Cyril, and high govern-
ment officials.

Macedonian insurgents, led by the
notorious Ian Mihailoff, have been re-
sponsible for many acts of terrorism
in Bulgaria and on the Greek and
Jugoslav frontiers in their campaign
for autonomy.

Philippopolis is about 85 miles east
and slightly south of Sofia. The royal
train reached Sofia this morning from
Burgas, on the Black Sea, where the
bridal couple landed in the yacht Fer-
inand after a trip from Italy.

The Bulgarian king's sister and
brother and high government officials
were on the train.

Berlin, Oct. 31.—The Tageblatt's
correspondent reported today that the
Bulgarian police had been informed
in advance that communists from Rus-
sia planned an attempt to assassinate
King Boris upon his return from Italy.
The correspondent said the royal
train and the entire railroad route to
the capital was closely guarded and
that the train did not stop when fired
upon.

GREEK REVOLT IS SHORT LIVED

FORMER DICTATOR PANGALOS
AND 30 FOLLOWERS ARE
ARRESTED

Athens, Oct. 31.—(U.P.)—The arrest
of former Dictator Gen. Theodoros Pan-
galos and 30 of his followers was be-
lieved today to have checked what au-
thorities called an attempt to over-
throw the Greek government.

Gen. Pangalos was arrested yester-
day while Premier Eleutherios Veni-
zelos was in Angora for the signing
of accords of friendship and naval
parity between Greece and Turkey.
Officials said Gen. Pangalos and his
colleagues took advantage of the ab-
sence of the premier to push their
plan for the overthrow of his govern-
ment.

Ten men who had served as officers
under Pangalos were the first arrested.
The roundup of suspected persons con-
tinued until 30 had been detained, and
then Gen. Pangalos was arrested. Close
watch was kept on other Pangalos
sympathizers.

Lindberghs Visit General Electric Plant in New York

Schenectady, N. Y., Oct. 31.—(U.P.)—
Col. Charles A. Lindbergh and Mrs.
Lindbergh made an unannounced visit
to the General Electric Company plant
today.

The couple landed at the airport in
their Bird biplane shortly before noon
and, following luncheon with Dr. Ir-
ving Langmuir, head of the research
laboratory and other officials, visited
the aeronautics and marine depart-
ments.

POLA NEGRI CONTINUES SUIT FOR DIVORCE

Paris, Oct. 31.—(U.P.)—Pola Negri,
screen star, was authorized by the
French courts today to proceed with
her suit for divorce from Prince Serge
Mdivani.

Miss Negri appeared in court pre-
pared to undergo the obligatory and
formal attempt at a judicial recon-
ciliation but the prince failed to ap-
pear.

WILD OIL GUSHER THREATENS AREA IN OKLAHOMA CITY

Oklahoma City, Oct. 31.—(U.P.)—
A wild oil gusher, spouting mists
of inflammable oil and gas, threat-
ened this city's wholesale business
district today, stopped traffic and
imperiled lives.

All available city firemen and
expert oil well workers were must-
ered in a battle to control the
well which emitted thousands of
barrels of oil and millions of cubic
feet of gas.

The wild well is known as the
No. 1 C. E. Stout gusher and is lo-
cated not far from invaluable
wholesale houses, manufacturing
concerns and railroad property ad-
jacent to the heart of downtown.

SAMMONS IS QUESTIONED BY CHICAGO POLICE

NOTORIOUS CHICAGO GANGSTER
QUESTIONED AS ONE OF
"PUBLIC ENEMIES"

OFFICERS FEEL HE HAS INFOR-
MATION OF SERIOUS WOUNDING
OF AN OFFICER

Chicago, Oct. 31.—(U.P.)—James "Fur"
Sammons, one of Chicago's "public
enemies," was questioned by police to-
day in connection with the serious
wounding by gangsters of an officer
who was scheduled to testify for the
state in the murder trial of William
"Three Fingers" Jack White, another
"enemy."

Sammons, one of the most notorious
of the Chicago gang leaders, was ar-
rested in White's home a few hours
after he had appeared in court to
plead against forfeiture of a \$25,000
bond for appearance on a fugitive
warrant from Baltimore, Md.

Officers felt certain he knew some-
thing about the attempt yesterday
morning to assassinate Police Sgt.
James McBride, who will be the prin-
cipal state witness at the scheduled
trial of White, charged with killing
another officer.

McBride, riding in a suburban street
car, was shot in the shoulder and face
about 20 minutes after Sammons left
Judge Edgar A. Jonas' court. Police
said he could easily have negotiated
the distance between the court and
the scene of the shooting in that
length of time.

Assistant State's Attorney James
Brown said he was positive that the
daring attempt upon McBride's life
had been made in an effort to prevent
him from testifying against White.
Besides Sammons, the officers sought
Claude Maddox, a notorious machine
gunner of the Scarface Al Capone
gang. Sammons and Maddox were
described by police as the type of
gangsters who would make even more
daring attempts to kill McBride and a
heavy guard was maintained around
the hospital where the wounded po-
liceman was recovering.

Photographic Film, Lying Years in Arctic, Developed

Rochester, N. Y., Oct. 31.—(U.P.)—Pho-
tographic film which had lain in the
snow and ice of the Arctic regions
beside the body of Salomon Andre, the
explorer, since the winter of 1897-
98, has been developed, revealing pho-
tographs good enough to be repro-
duced, according to word received from
Sweden today by the Eastman Kodak
Company.

DIES AFTER 80 HOURS IN THE RESPIRATOR

SOPHOMORE STUDENT AT CARLE-
TON, EVELYN THOMPSON,
CHICAGO, SUCCEUMS

WAS STUDENT VICTIM OF INFAN-
TILE PARALYSIS, 4 OTHER
CASES AT COLLEGE

Northfield, Minn., Oct. 31.—(U.P.)—After
80 hours in the Drinker respirator,
Evelyn Thompson, Cresco, Ia., sopho-
more student at Carleton college died
today. She was the second student
victim of infantile paralysis within a
week.

Four other students are confined in
the student health service with mild
cases of the disease.

No new cases were reported today.
Dr. E. C. Rosenow, Mayo clinic spe-
cialist in the disease, said.

The quarantine on the campus con-
tinued today. College officials said it
would be maintained for 10 days more
providing no new cases appear in that
time.

Schall and Hoidale Campaign Managers Are Both Confident of Winning Senate Seat

STATEMENTS ARE ISSUED BY RIVAL MANAGERS

REPUBLICANS PREDICT SCHALL
WILL ENTER TWIN CITIES
WITH 30,000 MAJORITY

"STAGE IS SET FOR A HOIDALE
LANDSLIDE," SAYS A. M.
WELLES

St. Paul, Minn., Oct. 31.—(U.P.)—Es-
timates showing that both Senator
Thomas D. Schall, republican, and
Einar Hoidale, democrat, his oppo-
nent for election, will carry the state
were issued today by rival campaign
managers.

Republican National Committeeman
Claude H. Mackenzie predicted today
that Schall would enter the Twin
Cities with a 30,000 majority. His
statement was based on a total vote
of 800,000.

The prediction was made after ques-
tionnaires had been filled out by 600
men and women of all political parties
of the state.

"With a possible 350,000 votes to be
cast in the fourth and fifth districts
and not included in this estimate, it
is plainly evident that the battle
ground will again be the Twin Cities
with better than an even break for
Senator Schall in St. Paul and Min-
neapolis combined," Mackenzie said.
A. M. Welles, president of the Ho-
idale-for-Senator All-Party Committee,
predicted that Hoidale would sweep
the state.

"The stage is set for a Hoidale land-
slide," Welles said.
Welles said the all-party survey had
been far more extensive than the
Mackenzie study.

"Results of repeated test votes taken
in Hennepin county indicate that the
fifth district will be Hoidale's by
at least 30,000 votes and our test bal-
lots in Ramsey county show that the
fourth district should go for Hoidale
by a margin of at least 10,000 votes,"
Welles said.

"We note that the republican state-
ment claims the sixth district by 7,000
votes. Our information is that Stearns
county alone will give Hoidale a 4,000
vote margin and we claim the district
by 5,000 votes."

The first, second, third and eighth
districts were also claimed for Hoidale.

FRANK NITTI, A CAPONE LIEUTENANT, CAPTURED TODAY

SAID TO BE TREASURER OF THE
GANG AND HUNTED FOR
MANY MONTHS

CHARGED WITH EVADING PAY-
MENT OF \$277,940 INCOME
TAX

Chicago, Oct. 31.—(U.P.)—Frank Nitti,
said to be treasurer of the Scarface
Al Capone gang and hunted for
months under an indictment charging
him with evading payment of \$277,940
income tax, was captured today.

Nitti surrendered without offering
resistance when a squad of 20 police
headed by Patrick Roche, special in-
vestigator for State's Attorney Swan-
son, and N. E. Tessen, a government
agent, found him in bed in a richly
furnished apartment in Berwyn.

A \$1,000 reward for Nitti's arrest
was offered recently by the crime pre-
vention committee of the Chicago As-
sociation of Commerce. His wife was
arrested with him.

The reward for the notorious gang-
ster's arrest was offered in the belief
he should be questioned regarding the
murders of Alfred "Jake" Lingle, Tri-
bune reporter, and Jack Zuta, north
side gang leader.

Search for Lighthouse Keeper is Abandoned

Winnipeg, Man., Oct. 31.—(U.P.)—
Search for Ingi Thordarson, light-
house keeper on George Island, Lake
Winnipeg, and Franklin Johnson, his
assistant, today was abandoned by the
Royal Canadian air force. The en-
tire shoreline of the lake was searched
by plane without finding a clue to the
whereabouts of the men. The plane
was forced down four times by ac-
cumulation of ice on the wings and
fuselage.

OF 5 NOBEL PRIZES MAJORITY MAY GO TO UNITED STATES

Stockholm, Oct. 31.—(U.P.)—Inter-
national interest in the distribu-
tion of the five Nobel prizes cen-
tered today on the possibility that
the majority of the awards for 1930
might go to the United States.

Theodore Dreiser and Sinclair
Lewis, American novelists, are
mentioned as leading candidates
for the Nobel prize for literature
for the current year. The Nobel
prize for medicine for 1930 was
awarded yesterday to Prof. Karl
Landsteiner of the Rockefeller In-
stitute of New York "for the dis-
covery of human blood groups."

The prize is worth about \$47,000.
Prof. Landsteiner was born in
Vienna in 1868 and was attached to
the University of Vienna as pathologist
for 10 years.

Stockholm has drawn the atten-
tion of the world of science and
letters each fall during the past
29 years, since the institution of the
Nobel prizes by the late Al-
fred Nobel, Swedish engineer and
inventor.

CLARA BOW'S GAMBLING DAYS OVER, SHE SAYS

NEVER AGAIN WILL SHE PARTI-
CIPATE IN ANY GAMES OF
CHANCE

IN WHICH \$100 CHIPS SOMETIMES
ARE MISTAKEN FOR 50-
CENT PIECES

By GEORGE H. BEALE
(United Press Staff Correspondent)

Hollywood, Oct. 31.—Clara Bow's
gambling days are over, she told the
United Press today. Never again, she
said, will she participate in any of the
games in which \$100 chips sometimes
are mistaken for 50-cent pieces.

Miss Bow recently stopped payment
on checks in excess of \$10,000, given
at Calneva, Nev., when her luck was
"simply terrible" at the gambling
tables.

She explained then that she held up
the checks because she thought she
was betting half dollars instead of
hundred dollar pieces.

"Have you been doing any gambling
recently?" the screen actress was
asked. She shook her head in a vig-
orous "no."

"Do you expect to do any gambling
in the near future, Miss Bow?"
The answer was no, again vigorous.
"Aren't you ever going to gamble
again, Miss Bow?"

Miss Bow looked annoyed and im-
patient and shook her head viciously.
"Well, Miss Bow, what are you sub-
stituting for roulette and things like
that?"

"I'm playing checkers," she an-
swered. "Checkers and dominoes and
parchesi."

She said she learned those thrilling
games on a recent train trip here from
New York, where she went to make
shots on her newest picture. Para-
mount has titled the new picture "No
Limit," so as to get the major pub-
licity benefits from Miss Bow's "ter-
rible" luck at Calneva.

In the way of romance, Miss Bow
indicated that Rex Bell, young screen
cowboy, heads her list at present.

She has broken her engagement
with Harry Richman, New York night
club owner, and didn't even see him
when she was in the east, she said.

She refused even a shake of the
head when questioned regarding the
divorce action filed in San Francisco
yesterday against Elmer F. Remmer,
part owner of the Calneva resort
where she mistook \$100 chips for 50-
cent pieces.

In the divorce action Mrs. Remmer
said her husband told her she was no
longer of any use to him because he
was able to "hobnob with the big
shots" since he received so much pub-
licity through Miss Bow's checks.

Unemployed Resent Using Outside Labor for Contracts

Columbus, O., Oct. 31.—(U.P.)—Seven
hundred unemployed marched on the
statehouse here today after circulation
of reports that Cleveland labor would
be imported to raze old buildings on
the site of a new \$3,000,000 state office
building. Governor Myers Y. Cooper
was not in his office at the time and
the job seekers dispersed after they
were informed only local labor would
be used.

BULOW IN LAST PLEA FOR SENATE SEAT OF McMASTER

"MAC'S GOT A JOB AND I WANT
IT," IS SOUTH DAKOTAN'S
SUMMARY

THE 2 DO NOT DIFFER MATERI-
ALLY IN POLICIES, OBSERV-
ERS POINT OUT

Sioux Falls, S. D., Oct. 31.—(U.P.)—
Governor John Bulow of South Da-
kota who broke a long chain of re-
publican chief executives, today will
make his last big appeal for the sen-
ate seat of William H. McMaster, his
republican opponent.

Bulow has summarized the senatori-
al contest in South Dakota with the
remark:

"Mac's got a job and I want it."
The two do not differ materially in
policies, political observers have pointed
out. The last big democratic rally
of the campaign is here today.

Bulow was elected governor when
the people revolted against a long
line of republican governors with the
lieutenant governorship apparently
listed as the stepping stone to the
state chief executive's chair. Demo-
crats united behind him as their most
logical candidate to oppose the inde-
pendent republican who now holds the
senatorship.

Bulow has a lean face and a rough
and ready way in politics. He has a
frankness mingled with comedy that
reminds one of Will Rogers, it
has been pointed out by his friends.

McMaster is offering his record as
an independent republican as the ba-
sis of his re-election. The present
senator has been unsuccessful in ad-
vocating bills for equalization of wheat
rates, appropriating \$25,000,000 to buy
American wheat to ship to China and
in opposing the confirmation of Chief
Justice Charles Evans Hughes.

McMaster followed the usual routine
and was promoted to the U. S. senate
after serving as governor. Bulow has
attacked his record as governor and
republicans have replied it compared
with Bulow's.

In the contest for governor, Warren
E. Green, republican, is opposing D. A.
McCullough, democrat, and Helge
Tangen, independent. Green was se-
lected by the state republican conven-
tion when Gladys Pyle, secretary of
state, was defeated. Miss Pyle led the
entire list of candidates in the primary
but was deadlocked and Green, a dark
horse, was nominated. He was a far-
mer who had been a factor behind the
scenes in politics until this year.

6 MEMBERS OF GANG CONFESS TO SCORE OF ROBBERIES

Owatonna, Minn., Oct. 31.—(U.P.)—Six
members of a gang which has con-
fessed more than a score of robberies
in southern Minnesota were held to-
day in the Steele, Freeborn and Rice
county jails.

More than 50 charges of store bur-
glaries, car thefts and other crime have
been revealed by their confessions, po-
lice said.

Those under arrest include Lester
and Paul Olson and Wesley Parch
held here at Albert Lea Alfred
Wallner, captured at Council Bluffs,
Ia., is being held.

Two new arrests were announced to-
day by Sheriff Haverland at Albert
Lea. Henry Gillis and Harry Randall
have been taken into custody, he said.

Authorities said activities of the
gang were carried on throughout
southern Minnesota.

22-YEAR-OLD YOUTH IS CHARGED WITH CLUBBING FATHER

Waukegan, Ill., Oct. 31.—(U.P.)—Wil-
liam Butler, 22, charged with clubbing
his father to death after an argument
over a ten dollar bill, was free today
of the murder charges.

The jury deliberated 25 hours after
Butler's attorney, A. C. McHenry, for-
merly mayor of Oshkosh, Wis., and a
former minister, had argued that pro-
hibition was responsible for the kill-
ing.

The father was killed in a scuffle
with his son after the latter had re-
quested and received ten dollars with
which to purchase more liquor. The
father was felled when Butler struck
him on the head with an iron bar. He
died the next day.

Closing his plea, McHenry said:
"Society owes this boy a debt—his
freedom—for creating such conditions.
Society imposed prohibition which
converted his motherless home into a
saloon."

FIRST READING OF BILL BRINGING DRY LAW TO ENGLAND

London, Oct. 31.—(U.P.)—The first
reading of a bill aimed to bring
prohibition to England was passed
by the house of commons today.

The bill would prohibit the
manufacture, importation, and
sale of alcoholic liquors for be-
verage purposes.

BLONDE YOUNG BANDIT ADMITS KIDNAPING

TELLS OFFICIALS HOW HE AND
3 OTHERS KIDNAPED EARL
L. YOCUM

WERE OUTWITTED BY BANKERS'
WIFE INTO RELEASING HIM
WITHOUT A CENT

Kewanee, Ill., Oct. 31.—(U.P.)—A blonde
young bandit whose smile belied his
reputation as a desperado, today told
officials how he and three companions
kidnaped Earl L. Yocum, millionaire
Galva banker, held him for ransom
and were outwitted by the banker's
wife into releasing him without col-
lecting a cent.

With Vern Algren, 30, under arrest
here, and Orville Whiskers, another
of the kidnapers, in jail at Cambridge,
more than 200 state, county and city
police continued their hunt for Llo-
N Winslow, said to be the leader, and
Harry Whiskers, Orville's brother and
the fourth member of the gang.

The officers, armed with revolvers,
sub machine guns, shotguns and rifles,
spread out fanwise over this entire
section. It was thought that neither
Harry Whiskers or Winslow was armed.

Heavy guard was maintained over
the Yocum home at Galva as the kid-
napers had threatened to bomb the
house if any member of the gang was
arrested.

Algren, who was captured, trouser-
less, as a ludicrous climax to one of
the most exciting man-hunts ever held
in Illinois, talked freely of the kidnap-
ing plot. He was bitter over the man-
ner in which he and his companions
had been outwitted into releasing Yocum
in exchange for a package filled
only with sticks.

Throughout his confession ran the
story of how Mrs. Mae Yocum, the
banker's wife, outwitted the men who
held her husband captive. Pretending
publicly that she was terrorized and
would do just as the kidnapers or-
dered, Mrs. Yocum, it was revealed,
dealt secretly with officials, directed
the efforts to rescue Yocum without
paying ransom and selected the psy-
chological moment to lead the bandits
into a trap that resulted in arrest of
one of them.

Hamilton, O., Oct. 31.—(U.P.)—City of-
ficials today voted to donate 2 1/2 per-
cent of their salaries for next month
to the unemployed and needy. It is
expected that \$1,200 will be realized.

13 KILLED IN QUAKE ON THE ADRIATIC COAST

OFFICIAL REPORTS GATHERED
AT ROME, LIST OF INJURED
NOT COMPILED

HUNDREDS OF RESIDENCES COL-
LAPSED OR WERE BADLY
DAMAGED IN AREA

Rome, Oct. 31.—(U.P.)—Thirteen per-
sons were killed in the earthquake
which occurred along the northern
Adriatic coast yesterday, according to
official reports received here today.

The number of injured had not been
determined definitely, but it was be-
lieved that it would total several hun-
dred. There was considerable prop-
erty damage.

Senigaglia suffered most from the
quake. Ten persons were killed there.
Three were killed in Ancona. Twenty-
three of Senigaglia's 275 injured were
reported in serious condition.

Hundreds of residences collapsed or
were badly damaged in the quake
area. Loreto reported that 100 houses
had been destroyed there. The famo-
us papal palace was reported slightly
damaged.

Prof. Agamennone, director of wo-
men's meteorological observatory, said
that seismographs registered a quake
of 20 minutes' duration, but that the
movement could not have been no-
ticed more than 30 seconds by human
organisms. The quake was due to a
movement of the earth's crust, he said,
and was technically called a Tectonic
quake.

The fact that the epicenter was in
the Adriatic sea and not on land pre-
vented a major disaster, officials of
the observatory said.

WILL BRING 1200 TO CITY FOR THREE DAYS NEXT OCTOBER

INVITATION EXTENDED BY R. T.
CAMPBELL GIVEN POPULAR
SUPPORT HERE

NATIONALLY KNOWN SPEAKERS
TO PARTICIPATE IN THE
PROGRAMS

The Minnesota Congress of Parents
and Teachers will hold its annual
meeting in Brainerd the latter part of
October, 1931.

This city was selected as the next
convention city by the state organiza-
tion at Minneapolis yesterday on the
verbal invitation of R. T. Campbell,
written invitation of Mayor F. E.
Little, telegraphic invitation by the
Brainerd Chamber of Commerce, and
the endorsement of each of the seven
P. T. A.'s in Brainerd and the Cen-
tral Council of P. T. A. and in addi-
tion several organizations and busi-
ness houses in this city.

The convention is one of major im-
portance to the city and community
since it will bring to Brainerd more
than 600 registered delegates and an
equal number of visitors for three
days.

It is the first large convention to be
secured by Brainerd for next year.
Due to illness by other delegates
from Brainerd, Mr. Campbell was the
only delegate to represent this city at
the state meet at the Nicolett hotel
October 28, 29 and 30.

In extending the invitation to the
state association he spoke of the sup-
port such a convention would receive
by Brainerd. The president of the
Washington P. T. A. told of work of
the P. T. A. in the city during the past
ten years and said that having the
state convention would prove an in-
centive for the growth of the move-
ment in Brainerd and adjacent com-
munities.

Mr. Campbell outlined facilities as
to housing and reported that the new
\$500,000 high school building would
capably provide for the business ses-
sions.

Brainerd was selected over Duluth
which had a delegation of 40. Winona
and Hastings also worked for it.

Part of the credit for the securing
of the convention can also be given to
R. E. Falconer who attended the Fair-
bank convention in 1929 and asked
for the state convention here in 1930,
also the support of Mrs. E. G. Quamme
and Harry Locheed, officers of the
Minnesota Parent-Teacher, official or-
gan of the association. The two have
many friends in this city. Dr. A. K.
Cohen, president of the Whittier P. T. A.,
also assisted materially in prelimi-
nary plans of securing the convention.

The state organization comprises a
membership of 35,000. The Brainerd
groups total a membership of 500.

"In addition to the convention
proper, there will be many exhibits
displaying various kinds of play-
ground equipment, books and food

Shots Are Fired at Royal Train of King Boris

BRIDAL COUPLE ESCAPE WITHOUT ANY INJURY

ONE OF THE ROYAL GUARD WAS
WOUNDED IN THE
FOOT

REPORT THAT BULGARIAN POLICE
HAD RECEIVED NO-
TICE OF ATTACK

By VELICO B. CHRISTOFF
(United Press Staff Correspondent)
Sofia, Bulgaria, Oct. 31.—King Boris
III and his bride were wildly acclamed
by the capital today after an escape
from a volley of bullets said to have
been fired at the royal train near the
ancient Macedonian city of Philippopolis.

The attack on the train, bearing the
king and the former Princess Gio-
vanna of Italy from the Black Sea to
Sofia, was made by unidentified per-
sons as it approached the station of
Madole on the border of the region
where Macedonian revolutionaries have
been active.

A guard was wounded in the foot, a
guard's rifle stock was splintered and
bullets struck the train, according to
information here, but none of the
royal party was injured. The train
made a brief halt and proceeded to
the capital where the king and queen
were married again according to the
eastern Orthodox church rites.

The royal party included the king's
sister, Princess Euxodia, and his
brother, Prince Cyril, and high gov-
ernment officials.

Macedonian insurgents, led by the
notorious Ian Mihaloff, have been re-
sponsible for many acts of terrorism
in Bulgaria and on the Greek and
Jugoslav frontiers in their campaign
for autonomy.

Philippopolis is about 85 miles east
and slightly south of Sofia. The royal
train reached Sofia this morning from
Burgas, on the Black Sea, where the
bridal couple landed in the yacht Fer-
inand after a trip from Italy.

The Bulgarian king's sister and
brother and high government officials
were on the train.

Berlin, Oct. 31.—The Tageblatt's
correspondent reported today that the
Bulgarian police had been informed
in advance that communists from Rus-
sia planned an attempt to assassinate
King Boris upon his return from Italy.
The correspondent said the royal
train and the entire railroad route to
the capital was closely guarded and
that the train did not stop when fired
upon.

GREEK REVOLT IS SHORT LIVED

FORMER DICTATOR PANGALOS
AND 30 FOLLOWERS ARE
ARRESTED

Athens, Oct. 31.—(U.P.)—The arrest
of former Dictator Gen. Theodoros
Pangalos and 30 of his followers was
believed today to have checked what au-
thorities called an attempt to over-
throw the Greek government.

Gen. Pangalos was arrested yester-
day while Premier Eleutherios Veni-
zelos was in Angora for the signing
of accords of friendship and naval
parity between Greece and Turkey.
Officials said Gen. Pangalos and his
colleagues took advantage of the ab-
sence of the premier to push their
plan for the overthrow of his govern-
ment.

Ten men who had served as officers
under Pangalos were the first arrested.
The roundup of suspected persons con-
tinued until 90 had been detained, and
then Gen. Pangalos was arrested. Close
watch was kept on other Pangalos
sympathizers.

Lindberghs Visit General Electric Plant in New York

Schenectady, N. Y., Oct. 31.—(U.P.)—
Col. Charles A. Lindbergh and Mrs.
Lindbergh made an unannounced visit
to the General Electric Company plant
today.

The couple landed at the airport in
their Bird biplane shortly before noon
and, following luncheon with Dr. Ir-
ving Langmuir, head of the research
laboratory and other officials, visited
the aeronautics and marine depart-

WILD OIL GUSHER THREATENS AREA IN OKLAHOMA CITY

Oklahoma City, Oct. 31.—(U.P.)—
A wild oil gusher, spouting mists
of inflammable oil and gas, threat-
ened this city's wholesale business
district today, stopped traffic and
imperiled lives.

All available city firemen and
expert oil well workers were must-
ered in a battle to control the
well which emitted thousands of
barrels of oil and millions of cubic
feet of gas.

The wild well is known as the
No. 1 C. E. Stout gusher and is lo-
cated not far from invaluable
wholesale houses, manufacturing
concerns and railroad property ad-
jacent to the heart of downtown.

SAMMONS IS QUESTIONED BY CHICAGO POLICE

NOTORIOUS CHICAGO GANGSTER
QUESTIONED AS ONE OF
"PUBLIC ENEMIES"

OFFICERS FEEL HE HAS INFOR-
MATION OF SERIOUS WOUNDING
OF AN OFFICER

Chicago, Oct. 31.—(U.P.)—James "Fur"
Sammons, one of Chicago's "public
enemies," was questioned by police to-
day in connection with the serious
wounding by gangsters of an officer
who was scheduled to testify for the
state in the murder trial of William
"Three Fingers Jack" White, another
"enemy."

Sammons, one of the most notorious
of the Chicago gang leaders, was ar-
rested in White's home a few hours
after he had appeared in court to
plead against forfeiture of a \$25,000
bond for appearance on a fugitive
warrant from Baltimore, Md.

Officers felt certain he knew some-
thing about the attempt yesterday
morning to assassinate Police Sgt.
James McBride, who will be the prin-
cipal state witness at the scheduled
trial of White, charged with killing
another officer.

McBride, riding in a suburban street
car, was shot in the shoulder and face
about 20 minutes after Sammons left
Judge Edgar A. Jonas' court. Police
said he could easily have negotiated
the distance between the court and
the scene of the shooting in that
length of time.

Assistant State's Attorney James
Brown said he was positive that the
daring attempt upon McBride's life
had been made in an effort to prevent
him from testifying against White.
Besides Sammons, the officers sought
Claude Maddox, a notorious machine
gunner of the Scarface Al Capone
gang. Sammons and Maddox were
described by police as the type of
gangsters who would make even more
daring attempts to kill McBride and
a heavy guard was maintained around
the hospital where the wounded po-
liceman was recovering.

tographic film which had lain in the
snow and ice of the Arctic regions
beside the body of Salomon Andree,
the explorer, since the winter of 1897-
98, has been developed, revealing pho-
tographs good enough to be reproduc-
ed, according to word received from
Sweden today by the Eastman Kodak
Company.

SOPHOMORE STUDENT AT CARLE-
TON, EVELYN THOMPSON,

80 hours in the Drinker respirator,

more student at Carleton college died
today. She was the second student
victim of infantile paralysis within a
week.

Four other students are confined in
the student health service with mild
cases of the disease.

No new cases were reported today,
Dr. E. C. Rosenow, Mayo clinic spe-
cialist in the disease, said.

The quarantine on the campus con-
tinued today. College officials said it
would be maintained for 10 days more
providing no new cases appear in that
time.

Schall and Hoidale Campaign Managers Are Both Confident of Winning Senate Seat

STATEMENTS ARE ISSUED BY RIVAL MANAGERS

REPUBLICANS PREDICT SCHALL
WILL ENTER TWIN CITIES
WITH 30,000 MAJORITY

"STAGE IS SET FOR A HOIDALE
LANDSLIDE," SAYS A. M.
WELLES

St. Paul, Minn., Oct. 31.—(U.P.)—Es-
timates showing that both Senator
Thomas D. Schall, republican, and
Elmer Hoidale, democrat, his oppo-
nent for election, will carry the state
were issued today by rival campaign
managers.

Republican National Committeeman
Claude H. Mackenzie predicted today
that Schall would enter the Twin
Cities with a 30,000 majority. His
statement was based on a total vote
of 800,000.

The prediction was made after ques-
tionnaires had been filled out by 600
men and women of all political parties
of the state.

"With a possible 350,000 votes to be
cast in the fourth and fifth districts
and not included in this estimate, it
is plainly evident that the battle
ground will again be the Twin Cities
with better than an even break for
Senator Schall in St. Paul and Min-
neapolis combined," Mackenzie said.

A. M. Welles, president of the Hoi-
dale-for-Senator All-Party Committee,
predicted that Hoidale would sweep
the state.

"The stage is set for a Hoidale land-
slide," Welles said.

Welles said the all-party survey had
been far more extensive than the
Mackenzie study.

"Results of repeated test votes taken
in Hennepin county indicate that the
fifth district will be Hoidale's by
at least 30,000 votes and our test bal-
lots in Ramsey county show that the
fourth district should go for Hoidale
by a margin of at least 10,000 votes,"
Welles said.

"We note that the republican state-
ment claims the sixth district by 7,000
votes. Our information is that Stearns
county alone will give Hoidale a 4,000
vote margin and we claim the district
by 5,000 votes."

The first, second, third and eighth
districts were also claimed for Hoidale.

FRANK NITTI, A CAPONE LIEUTENANT, CAPTURED TODAY

SAID TO BE TREASURER OF THE
GANG AND HUNTED FOR
MONTHS

CHARGED WITH EVADING PAY-
MENT OF \$277,940 INCOME
TAX

Chicago, Oct. 31.—(U.P.)—Frank Nitti,
said to be treasurer of the Scarface
Al Capone gang and hunted for
months under an indictment charging
him with evading payment of \$277,940
income tax, was captured today.

Nitti surrendered without offering
resistance when a squad of 20 police
headed by Patrick Roche, special in-
vestigator for State's Attorney Swan-
son, and N. E. Tessen, a government
agent, found him in bed in a richly
furnished apartment in Berwyn.

A \$1,000 reward for Nitti's arrest
was offered recently by the crime pre-
vention committee of the Chicago As-
sociation of Commerce. His wife was
arrested with him.

The reward for the notorious gang-
ster's arrest was offered in the belief
he should be questioned regarding the
murders of Alfred "Jake" Lingle, Tri-
bune reporter, and Jack Zuta, north
side gang leader.

Search for Lighthouse Keeper is Abandoned

Winnipeg, Man., Oct. 31.—(U.P.)—
Search for Ingi Thordarson, light-
house keeper on George Island, Lake
Winnipeg, and Franklin Johnson, his
assistant, today was abandoned by the
Royal Canadian air force. The en-
tire shoreline of the lake was searched
by plane without finding a clue to the
whereabouts of the men. The plane
was forced down four times by ac-
cumulation of ice on the wings and
fuselage.

OF 5 NOBEL PRIZES MAJORITY MAY GO TO UNITED STATES

Stockholm, Oct. 31.—(U.P.)—Inter-
national interest in the distribu-
tion of the five Nobel prizes cen-
tered today on the possibility that
the majority of the awards for
1930 might go to the United States.
Theodore Dreiser and Sinclair
Lewis, American novelists, are
mentioned as leading candidates
for the Nobel prize for literature
for the current year. The Nobel
prize for medicine for 1930 was
awarded yesterday to Prof. Karl
Landsteiner of the Rockefeller In-
stitute of New York "for the discov-
ery of human blood groups."

The prize is worth about \$47,000.
Prof. Landsteiner was born in
Vienna in 1868 and was attached to
the University of Vienna as a
pathologist for 10 years.

Stockholm has drawn the atten-
tion of the world of science and
letters each fall during the past
29 years, since the institution of
the Nobel prizes by the late Al-
fred Nobel, Swedish engineer and
inventor.

CLARA BOW'S GAMBLING DAYS OVER, SHE SAYS

NEVER AGAIN WILL SHE PARTI-
CIPATE IN ANY GAMES OF
CHANCE

IN WHICH \$100 CHIPS SOMETIMES
ARE MISTAKEN FOR 50-
CENT PIECES

By GEORGE H. BEALE
(United Press Staff Correspondent)

Hollywood, Oct. 31.—Clara Bow's
gambling days are over, she told the
United Press today. Never again, she
said, will she participate in any of
the games in which \$100 chips sometimes
are mistaken for 50-cent pieces.

Miss Bow recently stopped payment
on checks in excess of \$10,000, given
at Calneva, Nev., when her luck was
"simply terrible" at the gambling
tables.

She explained then that she held up
the checks because she thought she
was betting half dollars instead of
hundred dollar pieces.

"Have you been doing any gambling
recently?" the screen actress was
asked. She shook her head in a vig-
orous "no."

"Do you expect to do any gambling
in the near future, Miss Bow?"
The answer was no, again vigorous.
"Aren't you ever going to gamble
again, Miss Bow?"

Miss Bow looked annoyed and im-
patient and shook her head viciously.
"Well, Miss Bow, what are you sub-
stituting for roulette and things like
that?"

"I'm playing checkers," she an-
swered. "Checkers and dominoes and
parchesi."

She said she learned those thrilling
games on a recent train trip here from
New York, where she went to make
shots on her newest picture. Para-
mount has titled the new picture "No
Limit," so as to get the major pub-
licity benefits from Miss Bow's "ter-
rible" luck at Calneva.

In the way of romance, Miss Bow
indicated that Rex Bell, young screen
cowboy, heads her list at present.

She has broken her engagement
with Harry Richman, New York night
club owner, and didn't even see him
when she was in the east, she said.

She refused even a shake of the
head when questioned regarding the
divorce action filed in San Francisco
yesterday against Elmer F. Remmer,
part owner of the Calneva resort
where she mistook \$100 chips for 50-
cent pieces.

In the divorce action Mrs. Remmer
said her husband told her she was no
longer of any use to him because he
was able to "hobnob with the big
shots" since he received so much pub-
licity through Miss Bow's checks.

Unemployed Resent Using Outside Labor for Contracts

Columbus, O., Oct. 31.—(U.P.)—Seven
hundred unemployed marched on the
statehouse here today after circulation
of reports that Cleveland labor would
be imported to raise old buildings on
the site of a new \$3,000,000 state office
building. Governor Myers Y. Cooper
was not in his office at the time and
the job seekers dispersed after they
were informed only local labor would
be used.

BULOW IN LAST PLEA FOR SENATE SEAT OF McMASTER

"MAC'S GOT A JOB AND I WANT
IT," IS SOUTH DAKOTAN'S
SUMMARY

THE TWO DO NOT DIFFER MATERI-
ALLY IN POLICIES, OBSERV-
ERS POINT OUT

Sioux Falls, S. D., Oct. 31.—(U.P.)—
Governor John Bulow of South Da-
kota who broke a long chain of re-
publican chief executives, today will
make his last bid appeal for the sen-
ate seat of William H. McMaster, his
republican opponent.

Bulow has summarized the senatori-
al contest in South Dakota with the
remark:

"Mac's got a job and I want it."

The two do not differ materially in
policies, political observers have pointed
out. The last big democratic rally
of the campaign is here today.

Bulow was elected governor when
the people revolted against a long
line of republican governors with the
lieutenant governorship apparently
listed as the stepping stone to the
state chief executive's chair. Demo-
crats united behind him as their most
logical candidate to oppose the in-
dependent republican who now holds the
senatorship.

Bulow has a lean face and a rough
and ready way in politics. He has a
frankness mingled with comedy that
reminds one of Will Rogers, it
has been pointed out by his friends.

McMaster is offering his record as
an independent republican as the ba-
sis of his re-election. The present
senator has been unsuccessful in ad-
vocating bills for equalization of wheat
rates, appropriating \$25,000,000 to buy
American wheat to ship to China and
in opposing the confirmation of Chief
Justice Charles Evans Hughes.

McMaster followed the usual routine
and was promoted to the U. S. senate
after serving as governor. Bulow has
attacked his record as governor and
republicans have replied it compared
with Bulow's.

In the contest for governor, Warren
E. Green, republican, is opposing D. A.
McCullough, democrat, and Helge
Tangen, independent. Green was se-
lected by the state republican con-
vention when Gladys Pyle, secretary of
state, was defeated. Miss Pyle led the
entire list of candidates in the primary
but was deadlocked and Green, a dark
horse, was nominated. He was a far-
mer who had been a factor behind the
scenes in politics until this year.

6 MEMBERS OF GANG CONFESS TO SCORE OF ROBBERIES

Owatonna, Minn., Oct. 31.—(U.P.)—Six
members of a gang which has con-
fessed more than a score of robberies
in southern Minnesota were held to-
day in the Steele, Freeborn and Rice
county jails.

More than 50 charges of store bur-
glaries, car thefts and other crime have
been revealed by their confessions, po-
lice said.

Those under arrest include Lester
Lea, Henry Gillis and Harry Randall
have been taken into custody, he said.
Authorities said activities of the
gang were carried on throughout
southern Minnesota.

Two new arrests were announced to-
day by Sheriff Haverland at Albert
Lea. Henry Gillis and Harry Randall
have been taken into custody, he said.

Authorities said activities of the
gang were carried on throughout
southern Minnesota.

22-YEAR-OLD YOUTH IS CHARGED WITH CLUBBING FATHER

Waukegan, Ill., Oct. 31.—(U.P.)—Wil-
liam Butler, 22, charged with clubbing
his father to death after an argument
over a ten dollar bill, was free today
of the murder charges.

The jury deliberated 25 hours after
Butler's attorney, A. C. McHenry, for-
merly mayor of Oshkosh, Wis., and a
former minister, had argued that pro-
hibition was responsible for the kill-
ing.

The father was killed in a scuffle
with his son after the latter had re-
quested and received ten dollars with
which to purchase more liquor. The
father was felled when Butler struck
him on the head with an iron bar. He
died the next day.

Closing his plea, McHenry said:
"Society owes this boy a debt—his
freedom—for creating such conditions.
Society imposed prohibition which
converted his motherless home into a
saloon."

FIRST READING OF BILL BRINGING DRY LAW TO ENGLAND

London, Oct. 31.—(U.P.)—The first
reading of a bill aimed to bring
prohibition to England was passed
by the house of commons today.
The bill would prohibit the man-
ufacture, importation, and sale of
alcoholic liquors for bever-
age purposes.

BLONDE YOUNG BANDIT ADMITS KIDNAPING

TELLS OFFICIALS HOW HE AND
3 OTHERS KIDNAPED EARL
L. YOCUM

WERE OUTWITTED BY BANKERS'
WIFE INTO RELEASING HIM
WITHOUT A CENT

Kewanee, Ill., Oct. 31.—(U.P.)—A blonde
young bandit whose smile belied his
reputation as a desperado, today told
officials how he and three companions
kidnaped Earl L. Yocum, millionaire
Galva banker, held him for ransom
and were outwitted by the banker's
wife into releasing him without col-
lecting a cent.

With Vern Algren, 30, under arrest
here, and Orville Whiskers, another
of the kidnapers, in jail at Cambridge,
more than 200 state, county and city
police continued their hunt for Lio,
Winslow, said to be the leader, and
Harry Whiskers, Orville's brother and
the fourth member of the gang.

The officers, armed with revolvers,
sub machine guns, shotguns and rifles,
spread out fanwise over this entire
section. It was thought that neither
Harry Whiskers nor Winslow was
armed.

Heavy guard was maintained over
the Yocum home at Galva as the kid-
napers had threatened to bomb the
house if any member of the gang was
arrested.

Algren, who was captured, trouser-
less, as a ludicrous climax to one of
the most exciting man-hunts ever held
in Illinois, talked freely of the kidnap-
ing plot. He was bitter over the man-
ner in which he and his companions
had been outwitted into releasing Yocum
in exchange for a package filled
only with sticks.

Throughout his confession ran the
story of how Mrs. Mae Yocum, the
banker's wife, outwitted the men who
held her husband captive. Pretending
publicly that she was terrorized and
would do just as the kidnapers or-
dered, Mrs. Yocum, it was revealed,
dealt secretly with officials, directed
the efforts to rescue Yocum without
paying ransom and selected the psy-
chological moment to lead the bandits
into a trap that resulted in arrest of
one of them.

Hamilton, O., Oct. 31.—(U.P.)—City of-
ficials today voted to donate 2 1/2 per
cent of their salaries for next month
to the unemployed and needy. It is
expected that \$1,200 will be realized.

13 KILLED IN QUAKE ON THE ADRIATIC COAST

OFFICIAL REPORTS GATHERED
AT ROME, LIST OF INJURED
NOT COMPILED

HUNDREDS OF RESIDENCES COL-
LAPSED OR WERE BADLY
DAMAGED IN AREA

Rome, Oct. 31.—(U.P.)—Thirteen per-
sons were killed in the earthquake
which occurred along the northern
Adriatic coast yesterday, according to
official reports received here today.

The number of injured had not been
determined definitely, but it was be-
lieved that it would total several hun-
dred. There was considerable prop-
erty damage.

Senigaglia suffered most from the
quake. Ten persons were killed there.
Three were killed in Ancona. Twenty-
three of Senigaglia's 275 injured were
reported in serious condition.

Hundreds of residences collapsed or
were badly damaged in the quake
area. Loreto reported that 100 houses
had been destroyed there. The famo-
us papal palace was reported slightly
damaged.

Prof. Agamennone, director of wom-
en's meteorological observatory, said
that seismographs registered a quake
of 20 minutes' duration, but that the
movement could not have been no-
ticed more than 30 seconds by human
organisms. The quake was due to a
movement of the earth's crust, he said,
and was technically called a Tectonic
quake.

The fact that the epicenter was in
the Adriatic sea and not on land pre-
vented a major disaster, officials of
the observatory said.

Ghost Meets Guests at Door to Welcome Them to Halloween Party
Little Donajean Olson, daughter of Dr. and Mrs. C. M. Olson, 416 South Fifth street, entertained 20 of her little friends at a Halloween party last evening.
The guests were met at the door by a ghost which proved to be none other than Catherine Vadvais. She wore a rubber glove, and dressed in a long white robe, shaking hands with each guest as they entered. The party started at 4 o'clock, and the rooms were darkened and orange candles, and Jack O' Lanterns were used for lighting. The home was decorated in the Halloween colors of black and orange, with black cats and witches everywhere. There were ghosts in three corners, each with their face illuminated, and their white robes trimmed with the black and orange.
Several games were enjoyed. In the boys peanut race LaRoy Anderson and James Johnson tied, and each received prizes. For the girls race, Alice Hagen took the prize and the consolation prize was given to Mary Graham. Little Marcella Lyscio took the prize for the funniest dressed and Marlyss McGinn for the best dressed. For the boys Gaylord Lyscio took the prize for the most comical costume. Lee Verne Johnson played the best stunt. The contests were all close, and the judges had a hard time trying to decide the winners.
A three course luncheon was served by Mrs. Olson, assisted by Mrs. N. E. Hanson, Mrs. L. Johnson and Catherine Vadvais. The table was covered with a black cloth and decorated with black cats and witches.
The guests were Verna Bentley, Mary Graham, Marlyss McGinn, Alice Hagen, Lois Anderson, Marcella Lyscio, Gaylord Lyscio, LuVerne Johnson, LaRoy Anderson, James Johnson, Wilfred Anderson, Marvin Williams, Harvey Anderson and Lee McDonald.

All voted little Donajean a charming hostess.

THE MAN WITH THE "HAIR-TRIGGER" TEMPER

HE WAS irritable at the office, and grouchy at home. His enemies increased, his friends became fewer. Then one day his doctor told him the truth. He had been handicapped by constipation for years. It had brought headaches and constantly irritating ills to make him "touchy." It had stolen his energy and good nature.

His doctor suggested eating Kellogg's ALL-BRAN regularly. And in a few days he was a changed man, cheery, ambitious—and on the road to success and happiness.

Constipation is so unnecessary it can be overcome by eating delicious Kellogg's ALL-BRAN. This delightful, ready-to-eat cereal has been improved in both texture and taste.

Who's Who and What's What at the Lincoln

We are certainly enjoying our Majestic radio. Last week we heard a history pageant entitled the "Land of the Pilgrims"; a dramatization of "Jason's Quest of the Golden Fleece" and several musical programs. On Monday, Oct. 26, all of Miss Torgersen's history classes celebrated Navy Day and Roosevelt's Birthday together. We followed plans sent us by the navy recruiting officer.

Marion McCulloch has moved to the second ward, Edward Johnston entered the B 6th and Marlene Olson has moved to Fargo. Lorna Kraklau moved to the country.

Miss Erma Weir and Miss Bess Murphy are attending the M. E. A. in Minneapolis. Mrs. Fleming is taking Miss Weir's classes; the Normal Training Department are in charge of Miss Murphy's room.

The teachers and principal ask the parents help in getting pupils to school on time. The room having the best attendance and least tardiness will have a treat at the end of this school month. We are not proud of our tardiness last month. Miss Lowey's and Miss Murphy's room had only one tardy mark each.

Carl Zapffe identified our 40 rock specimens and we now have a good exhibit in the 6th grade. We also have an exhibit from the oceans. Mr. Rosel made the exhibit shelves for us.

The sixth grade have organized a Current Event club called "The Round the World Club." It meets every Wednesday at 3:30 o'clock. The officers chosen are:

President—Bernadine Coyne.
Secretary—Glendora McDonald.
Treasurer—Raymond Brusseau.

Judge Michael E. Ryan

Our Own Interests

No voter in Crow Wing County should fail to vote for our District Judge, M. E. Ryan, next Tuesday.

There are nine counties in the Fifteenth Judicial District. The THREE southernmost counties—Aitkin, Cass and Crow Wing—have a population of 55,000, according to the 1920 census. The remaining SIX counties to the north have 83,000 population. The northern counties now have TWO of the three district judges. Yet Itasca County now wants the THIRD judge, leaving these three counties and their **55,000** people WITHOUT ANY resident judge. Good sense and a spirit of fairness do not support such a claim.

The loss of this important office to our county would mean the expenditure of litigants' and taxpayers' money which is not now necessary.

Our county has a greater population than any other in the district. Our county seat is the largest city in the district. The district has three judges, and surely we are entitled to one.

The office brings many people to the county. It is an asset we should retain. IT IS UP TO US TO VOTE SOLIDLY FOR JUDGE RYAN, not only because of these things, but particularly because his proven ability, integrity and unquestioned fairness, demand his continuance in office.

Do not be misled by those who disregard the welfare of our county.

"Keep the Judgeship in Crow Wing County"

Yet Itasca County now wants the THIRD judge, leaving these three counties and their **55,000** people WITHOUT ANY resident judge. Good sense and a spirit of fairness do not support such a claim.

The loss of this important office to our county would mean the expenditure of litigants' and taxpayers' money which is not now necessary.

Our county has a greater population than any other in the district. Our county seat is the largest city in the district. The district has three judges, and surely we are entitled to one.

The office brings many people to the county. It is an asset we should retain. IT IS UP TO US TO VOTE SOLIDLY FOR JUDGE RYAN, not only because of these things, but particularly because his proven ability, integrity and unquestioned fairness, demand his continuance in office.

Do not be misled by those who disregard the welfare of our county.

To the Editor,
BRAINERD DAILY DISPATCH,
BRAINERD, MINN.

Dear Sir:
In my opinion the coming election on November 4 is very important to the farmers of Crow Wing county especially as it concerns the office of county attorney.

Mr. Sullivan is showing the farmers of this county that he has their interests at heart and I believe his continuance in office will result in a great saving to the taxpayers. With farming conditions as they are we want value received for our taxes.

Mr. Sullivan has shown his ability along all lines and the farmers of this county should most certainly do their part in helping to keep him as our county attorney.

Respectfully,
EMIL PAULSON,
Long Lake Township.

Editor Brainerd Dispatch:

It is rather a late hour to say a word in the election campaign. But I have been away from home the past six months until a few days ago. Just yesterday C. O. Peterson's letter as candidate for Register of Deeds, came into my hands.

He represents the issue between himself and his opponent by saying "I

believe that the County should have an Index to its Records." I heartily agree with him. But whose business is it to see that it has one? Is it up to the option or policy of the official Register of Deeds? Are not the duties of that office prescribed by law as in other offices? He says "the law is plain as to the duties of the incumbent in that office."

Then whose duty it is to see that the law is properly carried out? Is it not our County Board? If the former incumbent of said office "failed and refused to keep an index for the County"; that is, if he failed and refused to keep the law, why was he returned to that office so many times? This has been going on for 25 years now.

Mr. Peterson's presentation of the issue does not seem to me to be just clear. He says "a tract index is simply a book" which serves the same purpose as the index to the contents of a book. Such an index would not cost very much in addition to the cost of the books, and it is a minor item. "There is no need of the County going to the expense of buying the abstract records, as the tract index will serve the purpose." Now such a statement, makes some appeal to some people these days; but his saying so, or my saying so is no guarantee of its truth. Suppose, for instance, that he be elected, and the records as speedily run up to date, when and how will he, or the County get a tract index for the past 50 years? In the meantime the said abstract records would be abstracted from the office, and from such

service to the County as they have rendered though at the mercy of the official. And then, what law is there to prevent some other party getting private possession of these records and setting up a private Abstracting Business, with the same influence and effect in the county, and carrying on regardless of any Tract Index that could be prepared and maintained?

I intend by this no commendation for, or reflection on, either candidate, but having thought on this subject many times during the years I hope that this stir may lead to some early action towards a satisfactory and legal settlement of the question as to carrying on a private business in a public office.

Very respectfully,
D. C. HENDERSON.

TOMAH, WIS., BANK

ROBBED OF \$20,000

Tomah, Wis., Oct. 30.—(U.P.)—The Bank of Tomah was robbed today, the bandits escaping with loot estimated at \$20,000.

Three unmasked men entered the bank soon after it opened today. They forced the staff of six officials and clerks to lie down in a back room under guard. One man watched over them while the others ransacked the safes and vault, taking everything but the pennies. Currency and silver made up almost the entire amount,

which bank officials said would exceed \$20,000.

Cashier S. H. Drew estimated that the robbery occupied about 15 minutes. Five other customers entered the bank while the looting was in progress. They were escorted to the back room to lie there under the point of bandits guns.

Drew, D. B. Drowatzky, vice president, and Sadie Nienast, Cecil Salkner, Hazel Logan, and Emma Wagner, clerks, were at work when the bandits entered. None was harmed.

It was reported that the men escaped in an automobile which later was seen speeding toward Wisconsin Rapids on highway 21. Authorities immediately pursued this trail.

TEXAS MAN SHOOTS

WIFE, DAUGHTER AND HIMSELF

Houston, Tex., Oct. 30.—(U.P.)—The report of three revolver shots brought neighbors to the apartment of E. A. Hart here today and they found Hart, his wife and a daughter fatally wounded.

Police investigators said they believed Hart, who was 38, killed his wife, Helen, 36, and Vivian, the daughter, then committed suicide. None of them regained consciousness before death.

Neighbors of the family, which came

here recently from Chicago, said Hart was despondent because of inability to find regular work.

As compared with editors and owners of printing and publishing establishments in Brainerd, Geo. E. Ericson, editor of the Brainerd Tribune, is a newcomer here. During a comparatively brief stay, he has managed to develop and display in the columns of his paper, his hatred of all of his competitors here and his dislike for any person or persons whom he claims to be associated with them. That has been evidenced from time to time and to an increasing extent by the vicious, distorted, unfair and untruthful insinuations, assumptions and purported statement of facts which have appeared from time to time in the Tribune relative to the Journal Press, The Dispatch, Walter F. Wieland, former county attorney, and Arthur J. Sullivan, the present county attorney.

Busy people who have constructive work to do and who are careful about the truth and desire always to give exact facts cannot find time nor space to continuously answer such attacks. Answer must require more space and time than insinuation and loose and inaccurate assertion. For that reason The Dispatch deems it proper and necessary to call the attention of readers to the source of such attacks so that a proper and accurate opinion may be formed of the truth or falsity of the same.

Ericson was for some years admitted to the practice of law in this state. On June 6, 1927, he was disbarred by the Supreme Court of Minnesota, because the court found that he had been defrauding his clients. The Dispatch submits that if findings of the court are true, then it is fair to assume that Ericson would not hesitate to be deliberately dishonest in attacks that he has made.

It may well be that Ericson enjoys dissension and strife as is evidenced by the fact that he has not been willing to enter into an agreement with the local Typographical Union upon the same terms observed by every other printing and publishing establishment here, with the result that the Tribune is the only non-union printing or publishing shop in Brainerd. The local Typographical Union has been established in Brainerd for 27 years. Its members are mostly all home owners and taxpayers here and they have always been conciliatory and reasonable with their employers, but Ericson alone cannot get along with them.

The Tribune has recently by its usual insinuations and unwarranted and unfair inferences attacked Arthur J. Sullivan, county attorney, and others. In each case The Dispatch believes it can be shown that the attack was made because of personal animosity of the Tribune editor. Before believing anything the editor of the Tribune says about these officers, voters would do well to consider the reliability of such editor.

Radio Interference

SOURCES of radio interference are being tracked down and wherever possible eliminated in Red Wing by A. C. Francis, a radio interference expert. He claims to have discovered more than 33 causes of interference within a radius of six blocks in the business district.

The usual sources of radio interference Francis claims are the small motors on sewing machines or in drink mixing machines. These types of motors he claims feed back into the power lines and broadcast their own noises. Another cause Francis discovered was the motor in a barber's clippers.

TITLE HOPES OF BIG TEN CONTENDERS IN THE BALANCE

TON OF BOXING TALENT ON DISPLAY AT CHICAGO

1930 SEASON ENTERS UPON FINAL MONTH

NORTHWESTERN AND MINNESOTA MEET IN FEATURE CONTEST

FIRST CLASH OF UNBEATEN CONFERENCE CLUBS SINCE OPENING WEEK OF SEASON

By DIXON STEWART
(United Press Staff Correspondent)

Chicago, Oct. 31.—(U.P.)—Title hopes of four of the remaining five contenders for the Big Ten championship will be in the balance tomorrow as the 1930 season enters its final month. The fifth aspirant, Michigan, has an open date and will not resume conference competition until Nov. 15.

Northwestern and Minnesota, grouped with Michigan in the Big Ten's unbeaten trio, meet at Minneapolis in the feature contest of the day and in the first clash of unbeaten conference clubs since the opening week of the season.

Purdue, which bases its titular hopes on the possibility of no team completing the season undefeated, meets Bob Zuppke's fast improving Illinois team at Champaign, Ill. Wisconsin endangers its already slim championship chance in a game with Ohio State at Columbus, O.

Northwestern, rated as the strongest team in the conference, is a favorite to defeat Minnesota, but expects a hard battle. The Gophers rallied after a disastrous defeat by Vanderbilt and in their games with Stanford and Indiana displayed a defensive strength which may cause the Wildcats plenty of grief. Minnesota apparently does not possess sufficient offensive power to threaten Northwestern, but if the Gophers are as successful in stopping passes as they were against Stanford's running attack there is a strong possibility that the game will produce a scoreless tie.

Illinois made a strong showing against Michigan last week, but has a light and inexperienced team and is conceded only an outside chance against Purdue. The Boilermakers' powerful squad has everything a coach could ask and unless it suffers a decided letdown after last week's grueling battle with Wisconsin, should win handily. A 14 to 13 defeat by Michigan in the season's opener shattered Purdue's hopes of a second successive undefeated season, but the Boilermakers play six conference games, one more than any other team, and have the best chance to win the title on a percentage basis if no team goes through the year with a clean slate.

Wisconsin's highly touted "power house" dropped a 7 to 6 decision to Purdue last week and is in a mood which promises grief for Ohio State. Wisconsin had high hopes of sweeping its slate and winning the title. With one defeat already chalked up, they have only slim hopes of the championship, but they will be battling to the finish and are determined to hand Ohio State a more decisive defeat than either Michigan or Northwestern.

Ohio State has a sophomore squad of great possibilities and may hand the Badgers a surprise. The Buckeyes have outgained every foe this season and Coach Willaman hopes to co-ordinate his attack for a victory over Wisconsin.

The other three Big Ten teams play outside foes. Iowa and Indiana are decided "underdogs" in their games with Detroit University and Notre Dame respectively and a victory for either would be a real upset.

Chicago meets a traditional foe, Princeton, in the renewal of a competition which has produced some of the games greatest battles.

ROGERS HORNSBY NOMINATES SELF FOR TWO TASKS

Chicago, Oct. 31.—(U.P.)—Rogers Hornsby has nominated himself for two different tasks in his new role as manager of the Chicago Cubs.

In addition to trying to give his boss, William Wrigley, the world baseball championship he has specified, Hornsby will attempt to stage a comeback as a player.

Hornsby, who is here conferring with William Veeck, president of the Cubs, told the United Press today that he expected to play second base regularly next season. Handicapped early last year by a horned-growth on his right heel and later laid up entirely with a broken left ankle, Hornsby had his worst season since he became a major league regular. He played in 43 games and batted but 308.

"I have completely recovered from my broken ankle and my heel ailment," said Hornsby, "and I expect to play in 154 games next season and some exhibition games before the season."

FIGHTER DIES FROM HARD BLOW

SAMMY DISALVO SUCCUMBS TO PARALYSIS OF SOLAR PLEXUS

Omaha, Neb., Oct. 31.—(U.P.)—Sammy Disalvo, 25, Council Bluffs, Iowa, midweight fighter, died at Nicholas Senn hospital this morning from results of a blow he received in a fight last night with Chuck Patterson, Wisner, Neb., fighter.

Paralysis of the solar plexus was given as cause of death. The blow, a hard right hander, sank into Sammy's midsection near the close of the third round. He had just knocked Patterson to the floor after cuffing and beating him badly for three rounds.

As boxing is legalized in Nebraska there probably will be no action against Patterson, officials said.

Crete, Neb., Oct. 30.—(U.P.)—Crete high school players raced up and down the football field here yesterday until they were worn out. They defeated Wahoo 123 to 0.

TUFFY GRIFFITH AND LARRY JOHNSON IN FEATURE 8-ROUND BOUTS

FAVORITES AGAINST GEORGE NERON OF GREECE AND NATIE BROWN

Chicago, Oct. 31.—(U.P.)—More than a ton of boxing talent will be on display at Chicago Coliseum tonight in Matchmaker Jim Mullen's all-heavyweight boxing show.

Tuffy Griffith and Larry Johnson, mates in the Jack O'Keefe stable, will appear in the feature eight round bouts and have been established as strong favorites to defeat George Neron of Greece and Nattie Brown of San Francisco, respectively. Other bouts include: Charlie Retzlaff, Duluth, Minn., vs. Andy Shanks, Grand Rapids, Mich., 8 rounds; Paul Pantaleo, Chicago, vs. Harry Dillon, Canada, 8 rounds; Marion Matuszak, Chicago, vs. Buck Everett, Chicago, 4 rounds; and Knute Dane, Chicago Heights, vs. Jack Robinson, Cicero, 4 rounds.

Chicago, Oct. 31.—Chicago Stadium has secured the agreement of Young Stribling to box Jack Sharkey at Chicago in January and today wired Sharkey a \$50,000 offer for the match.

Two other promoters have attempted to make the match unsuccessfully, Madison Square Garden offering Stribling \$50,000 to meet Sharkey on a milk fund card in December and an Atlanta group offering Sharkey \$50,000 to accept the match at Atlanta.

KID CHOCOLATE MATCHED WITH FIDEL LA BARBA

FIGHT IS REALLY MATCH FOR FEATHERWEIGHT CHAMPIONSHIP OF WORLD

FAIR SHOULD GIVE 18,000 TO 20,000 CUSTOMERS "RUN FOR THEIR MONEY"

New York, Oct. 31.—(U.P.)—The billboards don't say so, but the fight at Madison Square Garden Monday night between Kid Chocolate and Fidel LaBarba really is a match for the featherweight championship of the world.

Although Bat Battalino holds the title of the 126-pound class, not even the Bat's closest friends could tell you that the Hartford boy deserves the distinction. Put him in the same ring

with Chocolate or Labarba, and Bat would be fortunate to escape with his head, much less his crown.

Battalino, since the night he won the title under extraordinary circumstances, to say the least, has devoted himself to over-night matches almost exclusively. Thus, he has held on to the championship despite many artistic lickings. The champion has been asked to come to New York and meet the winner of Monday's fight, but there is little chance of his doing so.

For Battalino, whatever his prowess as a fighter, is not dumb. The "Keed" and the California boy should give the 18,000 or 20,000 customers Tom McArdle says will watch the scrap, a run for their money. And it is just as well, for after another dreary bout, boxing, already groggy in this part of the woods, would be ready for the morgue.

TITLE HOPES OF BIG TEN CONTENDERS IN THE BALANCE

TON OF BOXING TALENT ON DISPLAY AT CHICAGO

1930 SEASON ENTERS UPON FINAL MONTH

NORTHWESTERN AND MINNESOTA MEET IN FEATURE CONTEST

FIRST CLASH OF UNBEATEN CONFERENCE CLUBS SINCE OPENING WEEK OF SEASON

By DIXON STEWART
(United Press Staff Correspondent)
Chicago, Oct. 31.—Title hopes of four of the remaining five contenders for the Big Ten championship will be in the balance tomorrow as the 1930 season enters its final month. The fifth aspirant, Michigan, has an open date and will not resume conference competition until Nov. 15.

Northwestern and Minnesota, grouped with Michigan in the Big Ten's unbeaten trio, meet at Minneapolis in the feature contest of the day and in the first clash of unbeaten conference clubs since the opening week of the season.

Purdue, which bases its titular hopes on the possibility of no team completing the season undefeated, meets Bob Zuppke's fast improving Illinois team at Champaign, Ill. Wisconsin endangers its already slim championship chance in a game with Ohio State at Columbus, O.

Northwestern, rated as the strongest team in the conference, is a favorite to defeat Minnesota, but expects a hard battle. The Gophers rallied after a disastrous defeat by Vanderbilt and in their games with Stanford and Indiana displayed a defensive strength which may cause the Wildcats plenty of grief. Minnesota apparently does not possess sufficient offensive power to threaten Northwestern, but if the Gophers are as successful in stopping passes as they were against Stanford's running attack there is a strong possibility that the game will produce a scoreless tie.

Illinois made a strong showing against Michigan last week, but has a light and inexperienced team and is conceded only an outside chance against Purdue. The Boilermakers' powerful squad has everything a coach could ask and unless it suffers a decided letdown after last week's grueling battle with Wisconsin, should win handily. A 14 to 13 defeat by Michigan in the season's opener shattered Purdue's hopes of a second successive undefeated season, but the Boilermakers play six conference games, one more than any other team, and have the best chance to win the title on a percentage basis if no team goes through the year with a clean slate.

Wisconsin's highly touted "power house" dropped a 7 to 6 decision to Purdue last week and is in a mood which promises grief for Ohio State. Wisconsin had high hopes of sweeping its slate and winning the title. With one defeat already chalked up, they have only slim hopes of the championship, but they will be battling to the finish and are determined to hand Ohio State a more decisive defeat than either Michigan or Northwestern.

Ohio State has a sophomore squad of great possibilities and may hand the Badgers a surprise. The Buckeyes have outgained every foe this season and Coach Willaman hopes to co-ordinate his attack for a victory over Wisconsin.

The other three Big Ten teams play outside foes. Iowa and Indiana are decided "underdogs" in their games with Detroit University and Notre Dame respectively and a victory for either would be a real upset.

Chicago meets a traditional foe, Princeton, in the renewal of a competition which has produced some of the games greatest battles.

ROGERS HORNSBY NOMINATES SELF FOR TWO TASKS

Chicago, Oct. 31.—U.P.—Rogers Hornsby has nominated himself for two different tasks in his new role as manager of the Chicago Cubs.

In addition to trying to give his boss, William Wrigley, the world baseball championship he has specified, Hornsby will attempt to stage a comeback as a player.

Hornsby, who is here conferring with William Veeck, president of the Cubs, told the United Press today that he expected to play second base regularly next season. Handicapped early last year by a horned-growth on his right heel and later laid up entirely with a broken left ankle, Hornsby had his worst season since he became a major league regular. He played in 43 games and batted but 308.

"I have completely recovered from my broken ankle and my heel ailment," said Hornsby, "and I expect to play in 154 games next season and some exhibition games before the season."

FIGHTER DIES FROM HARD BLOW

SAMMY DISALVO SUCCEUMS TO PARALYSIS OF SOLAR PLEXUS

Omaha, Neb., Oct. 31.—U.P.—Sammy Disalvo, 25, Council Bluffs, Iowa, middleweight fighter, died at Nicholas Senn hospital this morning from results of a blow he received in a fight last night with Chuck Patterson, winner, Neb., fighter.

Paralysis of the solar plexus was given as cause of death. The blow, a hard right hander, sank into Sammy's midsection near the close of the third round. He had just knocked Patterson to the floor after cuffing and beating him badly for three rounds. As boxing is legalized in Nebraska there probably will be no action against Patterson, officials said.

HIGH MEETS PARK RAPIDS TOMORROW

Brainerd high school was favored today to defeat Park Rapids in the football contest tomorrow afternoon at Park Rapids.

C.I. and Little Falls were battling this afternoon at Crosby-Ironton. Warren Kasch, coach at the St. Cloud Tech-High and former coach here, is officiating.

CRETE HIGH SCHOOL DEFEATS WAHOO BY 123 TO 0 SCORE

Crete, Neb., Oct. 30.—U.P.—Crete high school players raced up and down the football field here yesterday until they were worn out. They defeated Wahoo 123 to 0.

Coch Pop Klein started his B eleven against Wahoo, later used his A squad for a little while and then finished off with his C team. Score: Crete 21, 47, 27, 28—123. Wahoo 0, 0, 0, 0—0.

THE Nash process of toasting coffee is the result of years of experiment seeking for a method that would avoid the "roasting out" of flavor so characteristic of old-fashioned roasting.

Toasting, by a radically different method of heat application, seals the surface of the coffee berry and thus eliminates the loss of flavor by evaporation.

You Get 35% More Flavor

Toasting, scientists have found, actually creates a coffee with 35.7% more flavor than possible by ordinary roasting.

In every pound of Nash's Toasted Coffee—the only toasted coffee—you get 35% more flavor—35% more enjoyment in every cup. Most people, once they have tried Nash's Toasted Coffee, are never again content with roasted coffee.

Your grocer will be pleased to supply you with Nash's Toasted Coffee. If you do not think it the finest, richest and most satisfying coffee you have ever tasted, you may return the unused portion and the entire purchase price will be refunded.

THE Nash process of toasting coffee is the result of years of experiment seeking for a method that would avoid the "roasting out" of flavor so characteristic of old-fashioned roasting.

Toasting, by a radically different method of heat application, seals the surface of the coffee berry and thus eliminates the loss of flavor by evaporation.

You Get 35% More Flavor

Toasting, scientists have found, actually creates a coffee with 35.7% more flavor than possible by ordinary roasting.

In every pound of Nash's Toasted Coffee—the only toasted coffee—you get 35% more flavor—35% more enjoyment in every cup. Most people, once they have tried Nash's Toasted Coffee, are never again content with roasted coffee.

Your grocer will be pleased to supply you with Nash's Toasted Coffee. If you do not think it the finest, richest and most satisfying coffee you have ever tasted, you may return the unused portion and the entire purchase price will be refunded.

TO ASK GRAND JURY TO CONSIDER R. & B. PROBE

Waste of County Money to be Revealed by Sullivan and State Examiners

FACTS TO BE PRESENTED

Material Given Contractor and Deduction Not Made in Contract Price

County Attorney Arthur J. Sullivan announced today he intended to ask the court to call a grand jury at the November term of court to consider phases of the road and bridge investigation.

He said that evidence secured by himself and state examiners in the investigation would be presented to the jury for its consideration.

Already two defendants await action of the district court on charges presented.

A few examples of waste disclosed by the investigation as reported by Mr. Sullivan include:

In the Little Pine bridge construction A. B. Peterson was awarded the contract for \$2,645.00 and the contract stipulated the furnishing by Peterson of all material. Material amounting to \$134 and 1 beams owned by the county were given by the county engineer to Peterson for this job. The contract price was awarded, no deduction being made also for elimination of driving of 840 lineal feet of piling as called for in the contract.

Excessive cost of maintenance of the engineer's car, the car having travelled 35,000 miles at a cost to the county of \$1900, not including depreciation or insurance.

Excessive payments to Peterson in bridge work and the payment of \$611.20 to one man to guard \$60.00 worth of road signs.

Scores of other cases of waste in county funds will be presented to the grand jury by Mr. Sullivan and the state examiners.

HAD LOST CONSCIOUSNESS

Two Teeth Pulled Out in Successful Desperate Rescue Attempt

Too numb to move his arms, Albert Briese, 74, Little Falls, grasped a rope between his teeth and was pulled to safety yesterday after he had swam for an hour in freezing water when his duck boat was upset.

Briese was duck hunting at Mud Lake and went out to retrieve some birds. The lake was covered with thin ice and as he bumped along, his boat was overturned.

Though only 50 feet from shore, he could not make land. Neighbors heard his shouts for aid.

August Larson and Vincent Witte laid two ladders over the ice and then flung a rope to Briese. He lost consciousness while being pulled to shore but his jaws did not release their grip on the rope.

Two of his teeth were pulled out in the desperate rescue attempt.

Physicians said Briese would recover from the exposure unless pneumonia developed.

Miss May Whiteley Hostess to Missionary Party Saturday Afternoon

Saturday afternoon at her summer residence, Pine Shores, Miss May Whiteley entertained at a missionary party. A short program was carried out as follows:

Singing, "All hail the power of Jesus Name," followed by scripture reading, Matt. 8:5-13, Mrs. E. P. Slipp. Singing, "Blessed be the tie that binds," Mrs. W. A. Erickson at the piano.

Prayer by Mrs. Fallquist.

In a few apt words, Miss Whiteley referred to the work of the Northern Gospel Mission, Virginia, Minn., and the Gospel Missionary Union, Kansas City, Mo., with which she has been associated for the past several years, and which mission every year, in Minnesota, holds Bible conferences where many notable speakers and missionaries, in both home and foreign work are present, among such being Miss Elizabeth Tryon, returned missionary from Africa, who has been visiting, Miss Whiteley for the past week and in being present on this occasion gave a stirring message concerning the work in the fields of India where she

has labored in her master's service five years and Africa 11 years. Miss Tryon held her audience in rapt attention for over an hour while she told, in a most interesting manner, some of her experiences relative to the manners, custom and deep spiritual need of those with whom she labored in Cawnpore and Morocco and of whom she said "have the same right to know the Gospel truth that we have." She also said that the work in Morocco was strictly pioneer work among the Mohammedans, who are the most difficult people in the world to evangelize.

A goodly offering was received which will be used by Miss Tryon for missionary purposes, her chief aim being to exalt her Lord and Saviour in the saving of souls.

Delightful refreshments were served by the hostess and a very enjoyable social time was spent.

Exclusive Advantages!

Hot water heat to fill every corner of your car when the mercury dives for the bottom of the thermometer. Clean, pure, warm air—no engine fumes, no oil odors, no deadly carbon monoxide gas.

The exclusive Tropic-Aire 2-Way Switch on the instrument board, with "high speed", "low speed" and "off" positions, gives you constant control of the temperature inside your car. With the patented Biplane Deflector you can direct the flow of Tropic-Aire up or down, right or left, or straight ahead.

A Tropic-Aire heater will last for years—you will use it the year round—a heater in winter—with the hot water turned off, a ventilator in summer. When you buy a new car, you can easily have the Tropic-Aire transferred.

Ask for a demonstration. Install a Tropic-Aire at once. The Senior Model is big enough for the biggest cars on the coldest days. The Junior Model serves medium sized cars and Chevrolets. The Ford Model serves Model "A" Fords. All models have the 2-Way Switch and patented Biplane Deflector.

The New Rear Compartment Heater Installed back of front seat or in front of rear seat—a perfect heating plant for Town Car, Limousine, Taxicab, the larger Coach or Sedan. Independent or operates in unison with front heater.

PRES. SPROUL OF CALIF. UNIVERSITY, WRITES ARTICLE

PUBLISHED IN NOVEMBER ISSUE OF CALIFORNIA MONTHLY, OFFICIAL ALUMNI ORGAN

PRaises, HOWEVER, THE BONA FIDE, SIMON PURE, COLLEGE ATHLETE

Berkeley, Calif., Oct. 30.—(U.P.)—"Professional athletes hired by well-meaning but misguided alumni" were played out and truly collegiate competition praised by President Robert Gordon Sproul of the University of California in an article published in the November issue of the California Monthly, official alumni organ.

President Sproul's article, entitled "The Big Game" lauds the spirit of the annual gridiron struggle with Stanford university.

"University athletics represent to me an interest that is real and vivid," President Sproul said, "a phase of its life which binds the university into a influence of clean sportmanship, the healthy rivalry of well-matched and traditional opponents, the pageantry of great assemblages are part of the heritage of our race and a rich part of the color and enthusiasm of our American universities.

"I would not consider eliminating them no matter how efficient an educational program might thereby be evolved. Frankly I would be afraid of the kind of men and women who would be attracted to a program thus denatured.

"But when I say these things I am assuming other things; I am assuming that the teams engaged in the contest are in truth representative of the institutions from which they come, not a group of professional athletes hired by well meaning but misguided alumni and 'friends.'"
